

THE YOUNGSTOWN SYMPHONY

Greetings!

We are preparing to launch the 2022/2023 Season of your Youngstown Symphony Orchestra and we need your support! The upcoming season will feature nine concerts with programming designed for all ages.

A blend of Pops and Masterworks will be performed at two of our area's historic non-profit performing arts venues. Pops will be performed in Powers Auditorium at the DeYor Performing Arts Center and Masterworks will be showcased in the Concert Hall at Stambaugh Auditorium. As the search for a music director continues, audiences will see some familiar faces from this past season, as well as new guest conductors at the podium.

The support of our donors has been more important than ever as we continue to recover from the challenges presented by the pandemic. While ticket revenue covers only a small portion (less than 25%) of the cost of our programming, the Youngstown Symphony Society relies on philanthropic support to provide concerts as well as community outreach and educational activities. We are in need of community support to continue providing the highest quality musical experience at a reasonable rate and to make our programming accessible to all.

- Please consider a gift to our annual appeal and help support the Youngstown Symphony Society. Although a donation of any amount will be greatly appreciated, gifts of \$100 or more will be included in the Youngstown Symphony Annual Giving Society. Simply complete the enclosed gift form and return it in the envelope provided.
- All members of the Giving Society will receive benefits including: Special recognition on the Youngstown Symphony Orchestra website and in event program booklets;
- Advance notice of upcoming events and early access to tickets;
- Early VIP entrance for select events;
- Invitation to all YSO signature events;
- Invitation to an exclusive Youngstown Symphony Society donor recognition celebration.
